# Blossom Pro

Optical USB mouse with flower design

Stylish colors and a discreet flower pattern – this is how the mouse from DICOTA, “Blossom Pro” presents itself to the business world. These small and handy “jewels” sweeten up grey office days. The optical LED sensor offers a resolution of 1000 dpi. Three buttons including the scroll function make for easy handling. The rubber coating makes this product look and feel great. Due to Plug & Play, complicated installation is not necessary and Blossom Pro is ready to use in an instant. The technical details and the special design make Blossom Pro the perfect companion for travelers.
